

## NEWS BY TO-DAY'S MAIL.

The excitement in reference to the emigration to Sonora, Mexico, has fallen off very materially within the few days past, owing principally to the fact that the thousands of persons who came forward to enroll their names found there was no money to be paid in hand, as was generally expected, and, in fact, it is believed that the leaders have no considerable amount of funds with which to carry out the project, but are endeavoring to effect a loan of several millions of dollars for that purpose.

The two United States Senators from Nevada—a State with a population not exceeding one third of that of the city of Baltimore, but, nevertheless, said to be full of silver—are lecturing in the North upon the resources of that new State. They give glowing accounts of their silvery region.

Dispatches from Resaca, Georgia, say that Jefferson Davis arrived at Macon on Monday, and was sent to Augusta with a strong guard. From there he will be taken to Fortress Monroe, via Savannah.

Dr. Blackburn, charged with shipping infected clothing from Bermuda, was arrested in Canada yesterday, on a warrant from Toronto, for a breach of the neutrality laws.

Ex Senator Foote publishes a long letter, from Toronto, addressed to Secretary Stanton. He says he was ordered to leave the States in forty eight hours. He is willing to go back for trial.

The Memphis Argus has information that General Forrest was killed at Perksville, Ala., on the 13th instant, by four of his own men.

Gideon J. Pillow was captured near Selma, Ala., recently, but was afraid to go home on account of guerrillas.

The loss by the fire at Merrick & Co.'s foundry, in Philadelphia, is seventy five thousand dollars, which is nearly covered by insurance in Philadelphia, New England, and foreign companies. Most of the loss falls upon a London and Liverpool company and Philadelphia companies.

The shipment of specie from New York to-day is estimated at between one and two millions of dollars.

Secretary Seward is so far recovered as to be able, yesterday, to visit the State Department. The condition of Mr. F. W. Seward is much more flattering than it has been for twelve days past.

Twenty-four hundred prisoners at Camp Chase, Ohio, have taken the oath of allegiance and were discharged.

The St. Mary's Gazette, Md., states that nearly every white male citizen in that county has taken the oath of allegiance, in response to the order of Colonel Welles to that effect.

Mr. Charles O'Connor, an eminent lawyer of New York, is said to have been offered by President Johnson a seat in the Cabinet.

Arrangements are said to have been entered into between the United States and Switzerland whereby the Polish refugees now in Switzerland are to be provided with homes in the Far West.

Franz Sigel, late a general in the army, has become connected with the Wacker, a German paper of Baltimore.

Thirteen steamers, which were surrendered to the Federal authorities some time ago in the Tombigbee River, reached Mobile recently.

Advices from Havana, to the 10th instant, note the arrival at that port on the previous day, of the steamer Owl, from Galveston, Texas. The Texas papers brought by the Owl are said to have been filled with accounts of war meetings held in various parts of the State.
